Re: Galvanized Water Service Line Replacement Project Update

Galvanized Water Service Line Replacement

- Contractor has finished replacement of 45 services, and they are continuing to work according to their schedule.

These dates are weather-dependent and may change. We appreciate your patience and cooperation throughout the projects.

If you have any questions, you may contact me by either phone or e-mail. You may also contact Jesse Farrell (Public Works Deputy Director) at 651-430-8749, John Jurek at 651-430-8832, or Dillon McClung at 651-430-8833. John and Dillon are Engineering Technicians for the City, and they are out on the projects daily, working with the contractor. We appreciate your patience and cooperation throughout the project.
