Terms & Conditions: All washing machines must be labeled with the Energy Star-Qualified High Efficiency label and meet the Energy Star standards. All toilets must be labeled Water Sense Certified and use 1.28 gallons (or less) per flush. Customers must submit a copy of the original receipt showing make and model along with documentation of applicable required certifications (i.e. user manual). Irrigation controllers shall be labeled Water Sense and meet EPA criteria. All rebates will be reimbursed by a credit on your water bill. Rebates are available on a first come first served basis and funds are available until they are gone. One rebate check per household.
