Campus Fire Safety

Did you know that four out of five college fire fatalities happen in off-campus housing, according to Campus Firewatch. The leading causes of campus fires include cooking, arson and careless smoking. Campus fires are most common between 5 and 11 p.m. and on weekends.

Use flameless candles for decorations. Never ignore fire alarms. Get out and stay out when they sound. Have a fire escape plan that includes two ways out. Make sure your exits and exit paths are free of clutter, and windows/doors open easily.
